

NOTICE OF PUBLIC HEARING
National Emission Standards for Hazardous Air Pollutants

This amendment incorporates by reference ten new federal MACT standards that may apply to Utah sources of hazardous air pollutants. The Board is also proposing to update the incorporation by reference of 40 CFR Part 61 and Part 63 to the most current version of the CFR. These provisions are already federally enforceable; the effect of this rule change is to allow enforcement of these new standards by the state of Utah.

If requested, a public hearing will be held Wednesday, October 24, 2007 at 2:00 PM in the Main Conference Room of the DEQ Building located at 150 N 1950 West in Salt Lake City. If no request for a public hearing is received by October 15, 2007, the hearing will be cancelled. After October 15, 2007 you may go to <http://www.airquality.utah.gov/Public-Interest/Public-Commen-Hearings/Pubrule.htm> or call 801-536-4136 to determine if the public hearing has been cancelled.
